

## Minutes of the meeting of January 4<sup>th</sup>, 2011

Treasurer's report was read and passed.

No minutes available from last meeting.

Old Business.

Contract with city has been signed, was renewed for 5 years. Del, Ron and Larry have been meeting with the city and discussing our management of the flying field area. We manage the flying site under the terms and conditions set forth in the agreement. You must be a member or quest of the club to fly and must have AMA. No exceptions!

Upon the request of the city we are going to have to control access into our field from Woodleaf. This means that the gate will be shut when you come and go and locked when the last person has left the field. This policy will take effect when we get the new gate installed which will depend on the weather. At that time Larry will let everyone know what the combo will be for the new lock.
